

## THE VALUE OF A SMILE

A smile costs nothing, but gives much. It enriches those who receive, without making poorer those who give. It takes but a moment, but the memory of it sometimes lasts a lifetime. None is so rich that he can get along without it. A smile creates happiness in the home, fosters good will in business, and is the countersign for friendship. It brings rest to the weary, cheer to the discouraged. A smile is sunshine to the sad, and is nature's best antidote for trouble. Yet, it cannot be bought, begged, borrowed, or stolen, for it is of no value to anyone until it is given away. Some people are too tired to give a smile. Give them one of yours, as none needs a smile so much as he who has none to give. *"Do unto others as you would have them do unto you"* - Luke 6:31

## BUILDING UPDATE FROM THE BOARD

**SCIENC LAB:** Just to keep you all informed, we are near completion of our new Science Lab. This is behind the Assembly Hall, with entries from both the garden and middle school area. Once we have completed furnishings and have occupancy we will make use of this great facility.

**PRIMARY CLASSROOM:** we have plans to construct a new primary classroom on the end of the current Year 3 room. This would allow us to have single stream classes right through to Year 10. We will keep you posted as things develop.

**CARPARK:** you will notice that during the holidays we had more work done on the carpark, with gravel, grading and wheel stops. Hopefully this will make things easier in this area. We are so thankful to God for all these wonderful provisions for our school.

Iron and Clay visited the school on Wednesday!

## Commonwealth School Banking

Australian Securities and Investments Commission (ASIC) has announced a review on school banking programs. ASIC would like to hear from Parents and Teachers. You can do this survey online at: [consultation.asic.gov.au/financial-capability/review-school-banking-programs/](http://consultation.asic.gov.au/financial-capability/review-school-banking-programs/).

School banking is a fun and engaging way for young Australians to learn about money and develop good savings habits. Through Geneva, students deposit money weekly into their Youthsaver account through earning Dollarmites tokens which can then be redeemed for exciting rewards! If you are interested in school banking, please contact the front office on 6426 1053.

## What if some short term care could make a lifetime of difference?

Do you know a child in care in your school or church community?  
Could you become their respite carer?

Respite care is for everyone! You just need to be willing to invest in a child's life.

Come and find out what is involved in being a respite carer and begin the process!
