Principal

Geneva Christian College is a Christian school where personal character, self-discipline and responsibility are considered equally as important outcomes as academic learning. The aim is for students to live by Biblical standards and make worthwhile contributions to society and the wider community. Values like integrity, responsibility, kindness and gratitude are integrated into the school's educational framework.

The central role of the Principal is to inspire and empower the College learning community and to ensure that the mission, vision and Christian character of Geneva Christian College are expressed consistently in its culture, educational program and operations. The Principal is responsible for leading whole-school improvement, strengthening student outcomes, developing staff, building productive partnerships and ensuring the College is operated responsibly.

We welcome applications from suitably qualified candidates for this dynamic strategic leadership role. The successful candidate will:

- Lead a College where Christian faith is integral to learning, relationships and community life.
- Shape the next season of a school community with the opportunity to influence culture, teaching and strategic direction.
- Work closely with a committed Board and leadership team.
- Build meaningful partnerships with students, families, churches and the wider community.
- Bring together Christian faith, educational leadership and professional calling in a role with genuine purpose.
